SKIING ON UNTOUCHED SNOW, OUTSIDE TRADITIONAL TRAILS

Only trails that are open to skiers and snowboarders are checked, maintained and marked. Riding outside especially designated trails is at your own risk.

EUROPEAN AVALANCHE DANGER SCALE

- In unfavorable weather conditions, avoid snowboarding and skiing outside designated trails.
- Do not ride alone on the trails covered with untouched snow.
- Even if you see a ski trace, this does not mean that skiing in this place is safe. Skiing on ski trace outside designated trails can be dangerous.

TERMS OF USE

of ski pass and tubing services

By using the services of Amirsoy Mountain Resort, you confirm that you are fully familiar with and agree to the Amirsoy Mountain Resort Rules.

If the Customer violates the rules of using the resort's services as well as the rules related to the use of ski passes and tubing, the Resort Administration has the right to cancel the ski passes purchased earlier by this Customer and add the Customer to the "black list" of persons who are restricted from visiting the resort.

THE RESORT ADMINISTRATION IS NOT RESPONSIBLE FOR THE ITEMS LOST BY CLIENTS

You will be able to enter the territory of the ski trails only if you have a ski pass valid in the territory of the resort.

By purchasing a ski pass, you can use the services of cable cars, tubing and lockers.

The ski pass is a personalised item, its transfer to third parties is strictly prohibited. Usage of fake ski pass by Customer will serve as a basis for the Resort Administration to add that Client to the "black list" of persons restricted from visiting the resort.

Validity of the ski pass services is determined by the type of ski pass that you have purchased.

The resort is not responsible for weather conditions while using the ski pass service. The ski pass owner is obliged to independently obtain information about the weather forecast by all possible means, taking into account that weather conditions in mountainous area can change quickly and unpredictably. By purchasing a ski pass and using services of the Resort, the Customer alone bears full responsibility for the possible consequences of using the services.

In order to start using the tubing services, you need to pay for the services at the Resort's ticket office and get a ski pass with the record of number of tubing lifts on it. Go through the turnstiles to the trail especially designed for tubing. After receiving certain instruction from the lift operator, ride down on tubing. It is prohibited to start the ride without receiving for that instruction from the lift operator.

When using tubing services, it is recommended to:

- use protective equipment (pad on the back, wrists, gloves, knee pads, elbow pads, goggles or a mask, etc.);
- avoid loose clothing from hooking on equipment;
- ride only on equipment provided by the Resort.

After riding down, immediately leave the place where the riding ends and go to the conveyor lift boarding point for going up. Wherein, including the cases of a queue, it is necessary to maintain a distance, hold the equipment so that to avoid damaging the health and property of others around.

If you accidental get off or fall from the lift and in order to avoid a collision with the following you on lift person, immediately get up and continue going up on foot, or go down to re-board on the lift.

After finishing the rides, return the tubing equipment to the Resort staff in its initial condition, taking into account normal wear and tear. It is prohibited to take the Resorts tubing equipment outside the designated snow tubing trails.
